

LET THEM BE KIDS

Building playgrounds, inspiring hope...

Extreme Makeover: Port Alberni Playground Edition!

**We Have Won A
National Award!**

**Volunteers
Needed!**

The Need... Weaver Community Park is a treasured recreational area within the town of Port Alberni. It is in need of revitalization and a playground upgrade to create a space that all generations can gather to socialize.

The Big News... We have been awarded a **National Let Them Be Kids Helping Hands Award!!** What began as a long term Project for the Help Re-build Weaver Park Committee has been transformed into a 2 month project! The award provides a 50/50 matching grant towards the purchase of playground equipment, as well as support, training, and resources to help make this community project successful. Every 50 ¢ we raise will result in a \$ 1 of buying power! We are halfway there!!!!

The Activity... In one day volunteers will build the playground structure, as well as enhance park space with plants and benches, and paint the picnic tables.

The Impact... Active participation in the community that develops pride and ownership. An opportunity for all members of the community to connect through outdoor recreational opportunities.

Mark Your Calendars! Build Day Event:

**Saturday, Nov. 12,
2011
8am -3pm**

**Weaver Park
2700 Block of 5th Ave
