

**Schedule B: Permitted Uses by Zone**

P = Principal Permitted use  
 A = Accessory Use  
 SS = Site-Specific Use

	A1	FD	RR1	RR2	R1	R2	R3	RM1	RM2	RM3	MH1	C1	C2	C3	C4	C5	C6	C7	C8	C9	M1	M2	M3	M4	P1	P2	W1	W2
Blacksmithing and welding shop																						P	P					
Boiler and plate work																							P					
Bulk fuel storage																						P	P					
Construction and assembly of pre-fabricated or modular buildings																						P	P					
Construction, housemoving and excavation industry offices, workshops and storage																							P	P				
Electronics repair																					P	P	P					
Electric power stations and installations																								P				
Exterminating service																					P	P	P					
Fabricated metal products																							P					
Fish, meat and poultry products industry																							P					
Food and beverage processing (excluding the fish, meat and poultry products industries)																					P	P	P					
Furniture and fixture manufacturing																					P	P	P					
Health and fitness centre																					P	P	P					
Junk yard																							P					
Large equipment or machinery sales and repairs																						P	P					
Light Industrial Storage of non-toxic and non-flammable material																	A											
Machine shop																					P	P	P					
Machinery and equipment sales, rental, and repair																					P	P	P					
Machining																						P	P					
Manufacturing, excluding uses specifically listed in M3																						P	P					
Medical Marihuana Facility																					SS	SS	SS					
Natural gas sub-station																								P				
Open storage																						P	P					
Other light manufacturing industry																					P	P	P					
Paper and allied manufacturing industry																							P					
Parking of equipment																								P				
Primary metal industry																							P					
Railway lines and stations																								P				
Ready-mix concrete																							P					
Sawmill																							P					
Scrap and waste materials wholesaler																						P	P					
Sewer pumpstations, chambers, treatment facilities and related equipment																								P				
Shipbuilding, boatbuilding and repair																							P					P
Storage																							P			A	A	
Storage yard																					P	P	P					
Telegraph and cable systems																								P				
Telephone exchanges																								P				
Transmission lines and sub-stations																								P				
Truck transport operation																						P	P					
Utility storage																								P				
Utility works yard																						P	P					
Waste disposal facility																								P
